

Press Release

A.R.T. tuning program for the MB S-class

At the beginning of November 2016, the Nuremberg tuning specialist A.R.T. tuning GmbH presented the full tuning program “A.R.T. LS” for the Mercedes-Benz S-class W222

Nuremberg 9.11.2016 – Since November 2016, the Nuremberg-based automobile refiners for premium vehicles can offer a complete tuning package for the S-class W222 from Mercedes-Benz. The comprehensive **program** called “**A.R.T. LS**” comprises components for refinement of the exterior: a front spoiler with air vents left and right, a set of side skirts, a rear diffuser, two end pipes in GUNPOWDER surface, one rear spoiler for the outer edge of the rear trunk cover and one roof spoiler for the upper edge of the rear window. As always, every part carries the instantly recognizable classic signature of the A.R.T. designers from Nuremberg. With the “**A.R.T. LS**” tuning program the individuality of the vehicle can be effectively emphasized with classic understatement without losing sight of the noble character of the basic vehicle.

The casted 20-inch light-alloy rims monoART4 with surface coating GUNPOWDER and 255/35R20 97Y tires as featured in the **A.R.T. PREMIUM WHEELS** catalog are recommended for this high-value Daimler vehicle.

The MB S-class can be further refined with **A.R.T. Interior** components made of leather, Alcantara, and Carbon in the familiar high quality.

A.R.T. Power Increase for diesel engines, various comfort **A.R.T. Suspensions**, high performance **A.R.T. SPORT Brake Systems** and **A.R.T. SPORT Exhaust Systems** optimize the driving functions to the demands of discerning drivers. High-quality elements for branding **the vehicle** provide the crowning finish of every A.R.T. refinement with the insignia of the Nuremberg tuner. More information is available at www.art-tuning.de.

The A.R.T. tuning GmbH was founded back in 1986 in Nuremberg and since then has been owned and managed at this place by Mr. Imre Arva. The company has established itself as a leading specialist for the tuning of exclusive vehicles, especially the SUV models.

In addition to the corresponding vehicle series G, GL, GLE, GLS, S, Viano or V-class from Mercedes-Benz also Porsche Cayenne 958, Range Rover Vogue and BMW X5 F15 will be refined by A.R.T. by complete refinement packages, each with extensive ranges of aerodynamic components, exhaust systems, interior in leather and Alcantara, special modifications, lighting systems, business equipment and light alloy PREMIUM WHEELS. The marketing of the products is worldwide, mainly in Japan, China, Russia, USA, UAE and of course in Germany.
